

Lowman Hill School

Topeka, Kansas

May 21, 1969 From Alice

Dear Linda,

How are you, Linda? I wish that you would come back to Topeka. Every

time I think about you. Do you like your home?

I bet it's a very pretty house. What school do you go to? I hope you like your new school.

Mrs. Jorgenson she showed us some pictures from her zoo. They were pictures of elephants and hippos and other animals. Our new vice-president is Brad. He is good as you were when you were

vice president. I like your letters that you write.

You always write a lot that you use three pieces of

paper. May 22, 1969 we will have a picnic and we will

bring a sack lunch. And when we come back we will

have a party and our room mothers will be there.

We will ride in cars to the zoo. But I just wish

were here and your mother would come in you

could pick me in Sandy in Janet and Lori and

any body that you want pick. Because it would

be a lots of fun to have you back. I get very

sad with out you around. If you were here I play with

you every time. We get to hear some kids from J. high play  
songs for us. We can learn more about you when you write to us.
