Dear Linda;

We were thinking of you, & wanted to remember you on your birthday. Hope it is a "special" one for you.

Certainly enjoyed your mother the week she was here - the time went all too fast, as it always does, when you're with someone you like. I hated to see her go back. If all goes well, we may get to come back to Popoka this summer. I'm so homesick to see all of you. The weather was lovely the week Shirley was here, rained after she left and turned very cold and continued until we had a hard freeze - lost all our pretty foliage & flowers. Now we are back to normal and it seems like summer today -

80's

Have a happy

 Hallmark day, Linda.
Love, Aunt Louise
