

God Bless You
on Your Birthday

Linda - just wanted to
send you a special "Happy
Birthday". You've come a
long way - one day at a
time! With God's Grace
you'll ^{go} a lot further too.

We are all so very proud
of you! And happy to
know that things are
going well!

Much love to a very
special lady!!

May God bless you with His peace
And with happiness, too,
And may you feel His guidance
In everything you do;
May all that you have wished for
Be granted by His love,
Today and always, may you know
Rich blessings from above.

Lots of love,
