

What Is A Friend?

You Brighten My World

What a wonderful place
this world would be,
What a happy place to live
If everybody gave all the joy
And happiness you give -
If everybody just took time
To spread more love and cheer,
Took time to be more considerate,
More thoughtful and sincere!
Thank you for all the joy you give
And thank you for being you -
Friends like you are certainly
Too far between and few!
