

Thank You

Dear Al & Linda, 2 Aug. 1988
I know I thanked you
at Christmas but I
wanted to tell you again
how much I'm enjoying
the glass canape
platter you gave us! I
know - I'm weird but if
you've just figured that
out you're slow! Anyway -
it seems every time I
untie my belt I use that
platter and think nice
thoughts about you!
Speaking of thoughts about
you - Mom has made it
clear that she's concerned
since someone else
initialized her insurance
receipt so let us know
where you are and what's
happening. If you're off
at school - congratulations,
go for your dreams and
enjoy being together!

Everyone is reasonably
well and busy here.
We're thinking of you
so keep in touch!

Love,
Missy
