Hi! Sorry I didn't write before this, but we've been so busy building the school. Long days and falling in bed exhausted at night! The rest of the team goes home on Sat. so will send this with them as it'll get to you faster. I'll stay here another week to help Brandon, Kandy & some locals finish. If I still don't have my permission, I'll go to one of the refugee camps about a half hour from here and help ~~an~~ ^{an} officer. She's a nurse. Thanks again later. Love Janet
